 - Children have a strong sense of Identity
 - Children are connected with and contribute to their community.
 - Children have a strong sense of well-being.
 - Children are involved learners.
 - Children are effective communicators.

OUR AIM

Our aim is to provide:

- High quality recreational care for primary aged children (5-12 years), in a warm, comfortable and safe environment that will foster the child's sense of self-worth, nurture positive group relationships and foster cooperative and collaborative behavior.
- A convenient and cost-effective service to support families during Out of School Hours and School Holiday periods.

OUR PHILOSOPHY

East Adelaide Out of School Hours Care (OSHC) is committed to providing high quality care in accordance with the National Quality Standards (NQS) for primary school aged care.

We believe it is important for children to feel comfortable and confident so they can collaborate with children, educators and their families to support their wellbeing. Educators help children to self-regulate their emotions and nurture the building of social skills.

East Adelaide OSHC incorporates the philosophy and values of the school being Responsibility, Relationships, Resilience and Respect. We value diversity and cultural backgrounds of all our families.

The service recognises that the building of partnerships with families and communities in the development of the program will result in continuous improvement for the centre.

OUR HISTORY

EAST ADELAIDE OUT OF SCHOOL HOURS CARE (OSHC) has been operating since the early 1980's. It has since grown into a dynamic program catering for up to 160 primary school children per day in the renovated facility known as our OSHC building, on the school site.

The centre has been approved by the Education and Early Childhood Services Registration and Standards Board of South Australia.

TRANSLATION SERVICE

The centre has the ability to access translation services if necessary. The centre, through Diversity Directions, and the Migrant and Ethnic Services can obtain translations for families if the need arises. Please feel free to talk to staff relating to this.

ACTIVITIES AT THE CENTRE

The Centre's Vision, Aim and Philosophy underpin the program.

The program is written on a weekly basis for Before School Care (BSC) and After School Care (ASC). A special Vacation Care program is prepared and advertised three weeks before the end of each term.

East Adelaide Out of School Hours Care believes that it is important to create an environment that allows for challenging, fun and child-centered activities. We aim to provide a quality program that meets the children's varying developmental stages and ages in a comfortable and play based quality centre. Programs for children are inclusive of the cultural and linguistic diversity of all families using the service and support children to explore a range of experiences in an environment free from prejudice and harassment.

We also access a range of school facilities such as the gym, library and performing arts room during both the term and vacation care periods. An OSHC staff member is always present in these areas and they have a walkie talkie and first aid kit
