5. DEFINITIONS

- **Knockout Team** - These are school based teams that play against other school teams until they are defeated. The selection process for selection of these teams is defined in this document.
- **State Carnivals** - Students participate in teams selected through District Trials. Schools are invited to send a given number of their highest ranking players to these trials. The District Teams compete against other District teams in a Carnival that runs for a week at various times through the year.
- **SAPSASA’s State Carnival selection policy** states that, “Selection should be based on ability with priority going to Year 6 students ahead of Year 5 students. However, it should be noted that Year 5 students could and should be selected before Year 6 students if, in the opinion of the selectors, they have more ability. Team sport selection will be limited to children in their 11th year or older. Year 4s who meet the age criteria can only be selected if there are insufficient suitable players in Year 6 or Year 5 and if the coordinator gives approval”.
- **District Carnivals** – Students participate as a member of an EAS team against other schools in the East District. District Carnivals include the Swimming Carnival and Athletics Carnival. Students eligible to participate are in their 10th – 13th years of age.

6. SELECTION AND PARTICIPATION IN SAPSASA KNOCKOUT DISTRICT/STATE TEAMS

- Students turning 10 in the calendar year may be used to fill school based teams in cases of insufficient numbers based on late withdrawal, illness or exceptional circumstances.
- Selection for Interstate Teams is open only to students who are 12 years old (or under) in the year of competition.
- All children who nominate for a sport must play sport for the school or a club, unless there are insufficient numbers. Selection will give preference to Year 6 students over Year 5 students where there is a similar level of ability. (ie. Year 5s must be clearly better players) Where students are of similar ability, team selection will give preference to students in the higher year level, participating in composite year competition (eg Yr 6 before Yr 5)
- Participation in SAPSASA events is subject to approval by the School Principal or delegate.
- If there is a high interest in a sport for a knockout team then trials will be organised by the SAPSASA Co-ordinator and or coach with a selection panel consisting of current coaches and of at least 1 staff member from the school.
- The school trials should consist of sufficient selectors to ensure that the process is impartial. Trials should be structured to maximise the number of students who can participate.

- Where possible trials should take place out of school hours to avoid disruption to learning programs
- Teams must be selected prior to nomination based on an approved lead up training program as coordinated by the Deputy Principal, SAPSASA Coordinator and nominated coach. Students are required to attend training in order to be considered for selection. Coaches should keep records of selection details on each student considered for selection. Final team selection will be by independent school appointed committee.
- Deputy Principal and SAPSASA Coordinator are to ratify nominations prior to confirming selection.
- At District level, equal playing time must be given to players, including reserves, who compete in the SAPSASA team events.
- Students who gain representation in a State Sports team conducted by SAPSASA are to be acknowledged at School Assembly and/or in school newsletter.

7. DISTRICT CARNIVAL TRIALS SELECTION PROCESS

- Schools are notified by the District Secretary to forward nominations to designated district selectors.
- Nominations for District trials will be sought from students in their 10th – 13th year who are eligible to participate in District Carnivals.
