

**EAST ADELAIDE
SCHOOL**

Online Learning Platform Timeline Policy

Whole School Online Portfolio Agreement

Rationale

At East Adelaide School, our online learning platform exists purely as a tool to celebrate learning and celebrate growth—not as a form of assessment. It is a space for connection, communication, and showcasing the meaningful work students create across the year.

The platform provides opportunities to:

- Strengthen learning partnerships between students, teachers, and families
- Share student learning journeys, progress, and reflections
- Celebrate special events, milestones, and learning cycles with our broader community
- Deepen student engagement by making learning visible in authentic ways
